Subject: FW: PR Waste - Request for Briefing re PR Landfill Capacity

Maureen:

Any progress in trying to get this meeting scheduled?

As discussed in December 2017, EC Waste would greatly appreciate the opportunity to meet Regional Administrator Lopez - in NY or PR - at his earliest convenience to provide information showing that - contrary to published reports - there is more than adequate available future capacity at permitted, compliant landfills in the Commonwealth for decades to come, and to discuss EC Waste's belief that a solution for PR is a comprehensive and integrated solid waste management plan that includes waste minimization, recycling, and the proper and efficient management of all landfills.

Best regards,
John

Maureen:

I'm checking in to see if there has been any progress in scheduling this meeting.

Best,

John

> As you may know, our client, EC Waste, purchased Waste Management, Inc.'s solid waste operations (including landfills) in Puerto Rico in 2014. In October of that year, EC's CEO, Randy Jensen, and I met with then-RA Judith Enck and others at Region 2 (George Pavlou, Dore LaPosta, Lenny Grossman, and others) to discuss the solid waste challenges in PR and, even more importantly, potential solutions.
> EC Waste would greatly appreciate the opportunity to meet Regional Administrator Lopez - in NY or PR - at his earliest convenience to provide information showing that - contrary to published reports - there is more than adequate available future capacity at permitted, compliant landfills in the Commonwealth for decades to come, and to discuss EC Waste's belief that a solution for PR is a comprehensive and integrated solid waste management plan that includes waste minimization, recycling, and the proper and efficient management of all landfills.
